SKILLS

- Python
- Django
- Rest Framework
- MySQL
- Git
- API Development
- Postman
- Basic Knowledge in HTML & CSS

EDUCATION

BACHELOR OF COMMERCE

Sree Narayana Guru College
Coimbatore Tamil Nadu

2019 - 2022

HIGHER SECONDARY

Assisi EMHSS kanjikode Palakkad
Kerala

2017 - 2019

CERTIFICATES

- INTERNSHIP COMPLETION
CERTIFICATE ON BACKEND PYTHON
DEVELOPER FROM BEINEX KOCHI
- SKILL TRAINING COURSE
COMPLETION CERTIFICATE ON
PYTHON AND DJANGO FROM
AVODHA INSTITUTE

PROFILE

Enthusiastic backend developer with expertise in Python and Django. Proficient in designing and implementing scalable APIs, managing databases, and collaborating with cross-functional teams. Dedicated to optimizing performance and delivering high-quality software solutions.

EXPERIENCE

BACKEND DEVELOPMENT INTERN

(MAY 2023 - AUG 2023)

BEINEX , KOCHI KERALA

Developed and implemented an e-commerce REST API using Django and Django REST framework, enabling seamless product management, shopping cart functionality.

Designed API endpoints for product listing, retrieval, and ordering, enhancing user experience and increasing sales potential.

Skills Developed: Python, Django, RESTful APIs, user authentication

PROJECT

Ecommerce API using Python Django

Developed a comprehensive Ecommerce API using Python Django, encompassing user authentication, product management, orders, and email notifications. Successfully deployed on PythonAnywhere.

- Implemented user authentication with JWT for secure access and user management.

- Created seamless CRUD operations for product management, including image upload. - Integrated a dynamic shopping cart, allowing users to modify quantities and place orders.

- Developed a filtered product listing with pagination for a smooth browsing experience.

- Utilized Django's email framework for HTML-formatted order notifications.

- Successfully deployed the API on PythonAnywhere, ensuring continuous functionality.

Skills: Python, Django, JWT Authentication, API Development, Deployment

Achievements:

- Overcame challenges in JWT integration and user role management.

- Enhanced problem-solving skills while optimizing the shopping cart for accurate orders.
